DETAILED ACTION

Priority

1. Acknowledgment is made of applicant's claim for foreign priority under 35 U.S.C. 119(a)-(d). The certified copy has been filed in parent Application No. 09/463,097, filed on January 18, 2000.

Election/Restrictions

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 16, 22, 28, 34 and 44, drawn to method of treating restenosis, classified in class 514, subclass 252.18.
 - II. Claims 17, 23, 29 and 35, drawn to method of treating atherosclerosis, classified in class 514, subclass 252.12.
 - III. Claims 18, 19, 24, 25, 30, 31, 36 and 37, drawn to method of treating transplant-induced disorders, classified in class 514, subclass 252.12.
 - IV. Claims 20, drawn to method of treating invasion of cells by bacteria, classified in class 514, subclass 252.12.
 - V. Claims 40-43, drawn to pharmaceutical compositions, classified in class 514, subclass 252.12.
3. The inventions are distinct, each from the other because of the following reasons:

Inventions V and I-IV are related as product and process of use. The inventions can be shown to be distinct if either or both of the following can be shown: (1) the process for using the

the product as claimed can be practiced with another materially different product or (2) the product as claimed can be used in a materially different process of using that product (MPEP § 806.05(h)). In the instant case the products of Group V can have multiple distinct uses as shown by Groups I-IV.

4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
